

**PhD Student Position (f/m)
at the Institute of Applied Geometry,
Johannes Kepler University,
Linz, Austria**

The Institute of Applied Geometry at Johannes Kepler University (Linz/Austria) has an opening for a PhD student position for a period of 3 years. The position is available within the FWF-funded project

VORONOI++,

which is led by Franz Aurenhammer, Graz University of Technology. The project involves research groups at universities in Graz, Linz (both Austria), Bonn (Germany) and Lugano (Switzerland). Applicants should have a strong background in Computational Geometry or Geometric Computing.

A Master degree (or equivalent) in mathematics or a closely related field (such as Computer Science) is required for the PhD student position. The working language is English. For more information, contact Professor Bert Jüttler, preferably via email: bert.juettler@jku.at.

Further information about the Institute of Applied Geometry and Johannes Kepler University is available at the web pages www.ag.jku.at and www.jku.at.

Applications, which should include a CV and a compact statement (5-10 lines) about scientific interests and achievements should be sent by email to:

bert.juettler@jku.at

The yearly gross salary amounts to € 28.348,60 (14 times € 2.024,90 per month, 30 hours per week).

The Johannes Kepler University is an equal opportunities employer.

Deadline for application: September 30, 2015.

Address:

Univ.-Prof. Dr. Bert Jüttler
Johannes Kepler Universität Linz
Institut für Angewandte Geometrie
Altenberger Straße 69
4040 Linz, Austria
